Korgaonkar Trust

ROTARY CLUB OF KOLHAPUR

The Rotary Club of Kolhapur was sponsored by Rotary Club of Solapur in the year 1943. The founder President of the club was Rao Bahadur Rtn. S. A. Indulkar and the Founder Secretary was Rtn. D. V. Tengshe. The club had sixty charter members to begin with. The club made steady progress since then and has produced many District Governors – viz. Rtn. S. G. Dabholkar, Rtn S.M.Ghatge, Rtn Motibhai Doshi, Rtn Dr Sunil Desai and Rtn Pratap Puranik.

The club has so far contributed US \$ 274 thousand to Rotary Foundation, which is the highest contribution in Rotary Dist. 3170. The club is having 15 major donors and 105 PHFs. Today's strength of club is 127. Being the oldest Rotary Club in Kolhapur, administration of the club is very strong. Moreover it has the right mix of experienced and new members. The club has sponsored many clubs in Kolhapur and surrounding areas.

The club has also sponsored St. Xavier's High School (then known as Shanti Vidyalay), Bal Kalyan Sankul and Yoga Vidyadham etc, which are leading institutes in Kolhapur.

ROTARY SAMAJ SEVA KENDRA, KOLHAPUR

Rotary Samaj Seva Kendra, a Charitable Trust sponsored by Rotary Club of Kolhapur was founded in April 1969 in order to provide paramedical services to the community, especially the amenities which were not available in Kolhapur. The other objects were helping the physically handicapped people and promoting social and educational development of the community.

Late Shri. Prabhakar pant Govindrao Korgaonkar, a noted philanthropist on behalf of the Korgaonkar Trust donated a plot of land to this trust in 1970 and Foundation Stone of this Community Service Centre laid by Late Nawab Ali Yawar Jung, then Governor of Maharashtra on 28th May 1970. The building was inaugurated by then District Governor late Rtn. Nahani T. Kapadia, in 27th June 1972.

Rotary Samaj Seva Kendra now runs Rajarshree Shahu Blood Bank, Physiotherapy center, Ear and Speech Institute, Deaf Nursery, Sickbed service, Nana-Nani Park, Rotary Bal Mandir, V.S Khandekar School etc. Almost 50,000 needy persons are served every year through these centers.

But the present building which is almost 50 years old now needs to be demolished and a new building has to be constructed. We have therefore planned to construct a new modern Building having 2 floors of parking and 4 floors of project space. Total Built-up area will be 25,000 sq. ft. This will enhance the capacity of all our existing projects and serve the community better.

Rotary Physiotherapy Centre

■ Existing Facilities, Area 1600 sq.ft.
