In this week's Rotary Club meeting at RSSK, Kolhapur, the distinguished Mrs. Bhagyashree Kurade took the stage as the guest speaker, shedding light on the paramount importance of organ donation. With eloquence and passion, she outlined various scenarios wherein individuals can become life-givers, emphasizing the transformative impact of this selfless act. Mrs. Kurade delved into the concept of Green Corridors, underlining their critical role in ensuring swift transportation of organs for transplantation.

The audience was deeply moved by a poignant video screening narrating the inspiring journey of Komal, who, having received a second chance at life through organ donation, founded the Komal New Life Foundation. The foundation now stands as a beacon for organ donation awareness, echoing Komal's triumphant survival over three years.

The Q&A session that ensued was marked by insightful inquiries, showcasing the engagement and commitment of the Rotarian community to this noble cause. The evening not only fostered awareness but also kindled a collective spirit towards promoting organ donation and saving lives in the process.
