WEEKLY MEETING

Mr. Anil Shinde, with 33 years of experience in the Airports Authority of India, shared his remarkable journey of transforming Kolhapur Airport since taking charge in 2014. Initially a modest structure, the airport now boasts upgraded facilities, including a 1780m runway, enhanced safety measures, conveyor belts, and increased peak capacity from 150 to 250 passengers. Amenities like food and beverage outlets, a Kolhapuri chappal store with local market rates, Chitale products, and affordable car rentals enrich the passenger experience.

Mr. Shinde detailed challenges like extending the runway, acquiring 64 acres, and managing elevation requirements. He highlighted business opportunities at the airport, safety drills, and the use of advanced equipment for bomb detection. Emphasizing ATC's critical role, he provided insights into operational and safety excellence. Engaging with Rotarians, he answered questions with expertise, inspiring everyone with his vision and dedication.

Rtn. Mahadeo Mane introduced the esteemed guest, while Rtn. Pratap Puranik delivered a heartfelt vote of thanks. Dr. Ela Mate was announced as the lucky Rotarian for the meeting.

GLOBAL ROTARY AT A GLANCE

FLUSHING WITH PRIDE - THE 1ST COMMUNITY PROJECT BY ROTARY

In 1907, two years after Rotary's formation, the Rotary Club of Chicago, led by Rtn. Paul Harris as President, initiated Rotary's first-ever community project.

Aiming to benefit the public, they proposed building a Public Comfort Station in downtown Chicago. The idea was approved by the Chicago City Council, and \$20,000 was raised for its construction in the City Hall. This project, the construction of public toilets, became famously known as "**Flushing with Pride**".
