## SONG OF MY HEART

### Feel my love from the movie Arya

I loved the song so much.. I heard the song for first time in 2004. I was 24 years old. All aspects of song I like.. beats, music.....The language is very sweet.. The way song starts like feel my love is said soo softly like someone is saying very near to our ears...! I totally relate to the song because I used the song to elevate my wife's mood when she was angry with me.. So the song is very close to my heart.
